JULES

VALET STAND- 2022

Design by SARAH WILLEMART

JULES is a piece of furniture that reimagines the traditional valet (clothes hanger) for our modern lifestyle. Made out of solid wood and fabric, JULES is a chair by day and a valet stand by night. Originally, valets refer to manservants for the upper-class gentlemen assisting them with general duties, like undressing. Here JULES is not a servant but a companion for the everyday routine. Generous, soft and playful, its design doesn't shout its functionalities but instead suggests possibilities. JULES dedicates a space for the daily task of dressing up
